

2026 Canadian Indoor Championships Race Recap

Well, that was an extraordinary weekend of racing at the Canadian Indoor Championships for the crew!

Team wise we finished 3rd in the U18 Team Scoring; a feat we've never managed to accomplish before this past weekend. Four medals, 1 Gold (Rebecca U18G 1500m), and 4 Silvers (including Oliver U18B 1500m & 3000m, Niamh U18G 3000m) were significant contributions. In particular Oliver's 3:57.70 secured his automatic standard for the Mile at the New Balance Indoor Nationals (NBIN) in Boston March 12-15. He also improved upon his previous automatic qualification for the 2-Mile with his 8:37.70. Both times BTW are new U18B club records. Our 4th Silver medal winner was Kieva in the U20W 800m. Congratulations to all our medallists!

We had another club record performance as well. Kyrie improved his previous record by running 8:51.01 in the U20M 3000. Other personal best performances included, Chloe (Indoor 3000m), Zeke (300m), Kieva & Rebecca (Indoor 800m), Jacob (3000m), and Isabelle and Noa (1200m). The most exciting PB had to be William's 4th place finish in the U18B 800m. His time met the automatic qualifying standard for the NBIN.

In all, we had 14 Top 10 performances including 6 Top 5's and 5 medallists. That was quite the weekend of racing!

Congratulations CTAC!
